PROJECT

- UI/UX Design
- AI/Machine Learning
- Development

UNDERGRADUATE COMPUTER SCIENCE STUDENT AT BINUS UNIVERSITY

PROFILE

I'm someone who enjoys understanding how people think and finding simple ways to make their experiences better. I've had the chance to work closely with others in roles like being a facilitator and working on creative projects, and those experiences taught me how meaningful good communication and thoughtful problem solving can be. I'm always eager to learn, collaborate, and explore creative ways to solve problems.

EXPERIENCE

- **Yari Club** 2025 - PRESENT
Part-Time POS & Inventory
 - Organized, created, and deleted items (ingredients and menu), while maintaining accurate cost pricing.
 - Linked menu items with ingredients and recipes, ensuring proper measurements and costing.
 - Input purchase orders and maintained accurate stock records.
 - Conducted monthly stock counts on the 1st of each month and reminded the store manager for end-of-month stock takes.
 - Created and updated promotional items in the till system, ensuring smooth setup and deployment at the stores.
- **Excellence Program B2028 Binus University** 2024 - 2025
Freshman Partner B28
 - Accompanied and supported new students (freshmen) throughout their first two semesters to help them adjust to university life.
 - Acted as a facilitator during scheduled group sessions with assigned freshmen.
 - Helped plan and manage meeting schedules in coordination with freshmen.
 - Led discussions and delivered university-provided materials on essential topics, including time management, academic preparation, relationship, and other aspects of student life.
 - Built strong communication and created a supportive environment to help freshmen feel more confident in their transition to campus life.
- **Teach For Indonesia Student Community (TFISC)** 2024 - 2025
Activist of Partnership Division
 - Contributed creative ideas for social media campaigns to promote the organization and its initiatives.
 - Planned and recorded TikTok content aimed at increasing public awareness and engagement.
 - Collaborated with team members to ensure consistent messaging and branding across platforms.
 - Helped build a positive image of the organization through engaging and informative content.

Staff of Fundraising Division at Welcoming Party TFISC 2024

 - Broadcasted promotional messages to all Welcoming Party teams, reminding them to post scheduled Instagram Stories for pre-order (PO) campaigns.
 - Ensured each team followed the posting schedule to maximize visibility and engagement.
 - Handled the distribution of pre-order items to buyers accurately and on time.
 - Cross-checked product quantities with order data to ensure every item matched the records.
